WELLNESS AWAITS

CREATING SPACES THAT FEEL LIKE HOME

At JAD Global, we build homes that reflect our values of care, quality, and longevity. With over 89 years of experience in real estate and brand development, we focus on creating spaces that enrich daily life. Every project begins with understanding people's needs, ensuring that each home supports wellbeing, connection, and feels timeless in both design and function.

We believe a home should be a sanctuary that supports rest, clarity, and joy. By blending thoughtful design with innovative wellness principles, JAD Global is setting a new standard for living in Dubai and beyond. We build with intention and listen carefully. Transformation is not loud, it is lived quietly in the background. Our work goes beyond appearances; it focuses on how a place makes you feel.

LIVE WELL EVERY DAY

Every property is built on the idea that living well begins with the spaces we inhabit. Rooted in the science of neuro-architecture, its design considers how light, form, and flow influence mood, focus, and wellbeing. Every detail is shaped to create balance and calm, offering a sanctuary that supports body and mind while keeping you connected to the rhythm of Dubai.

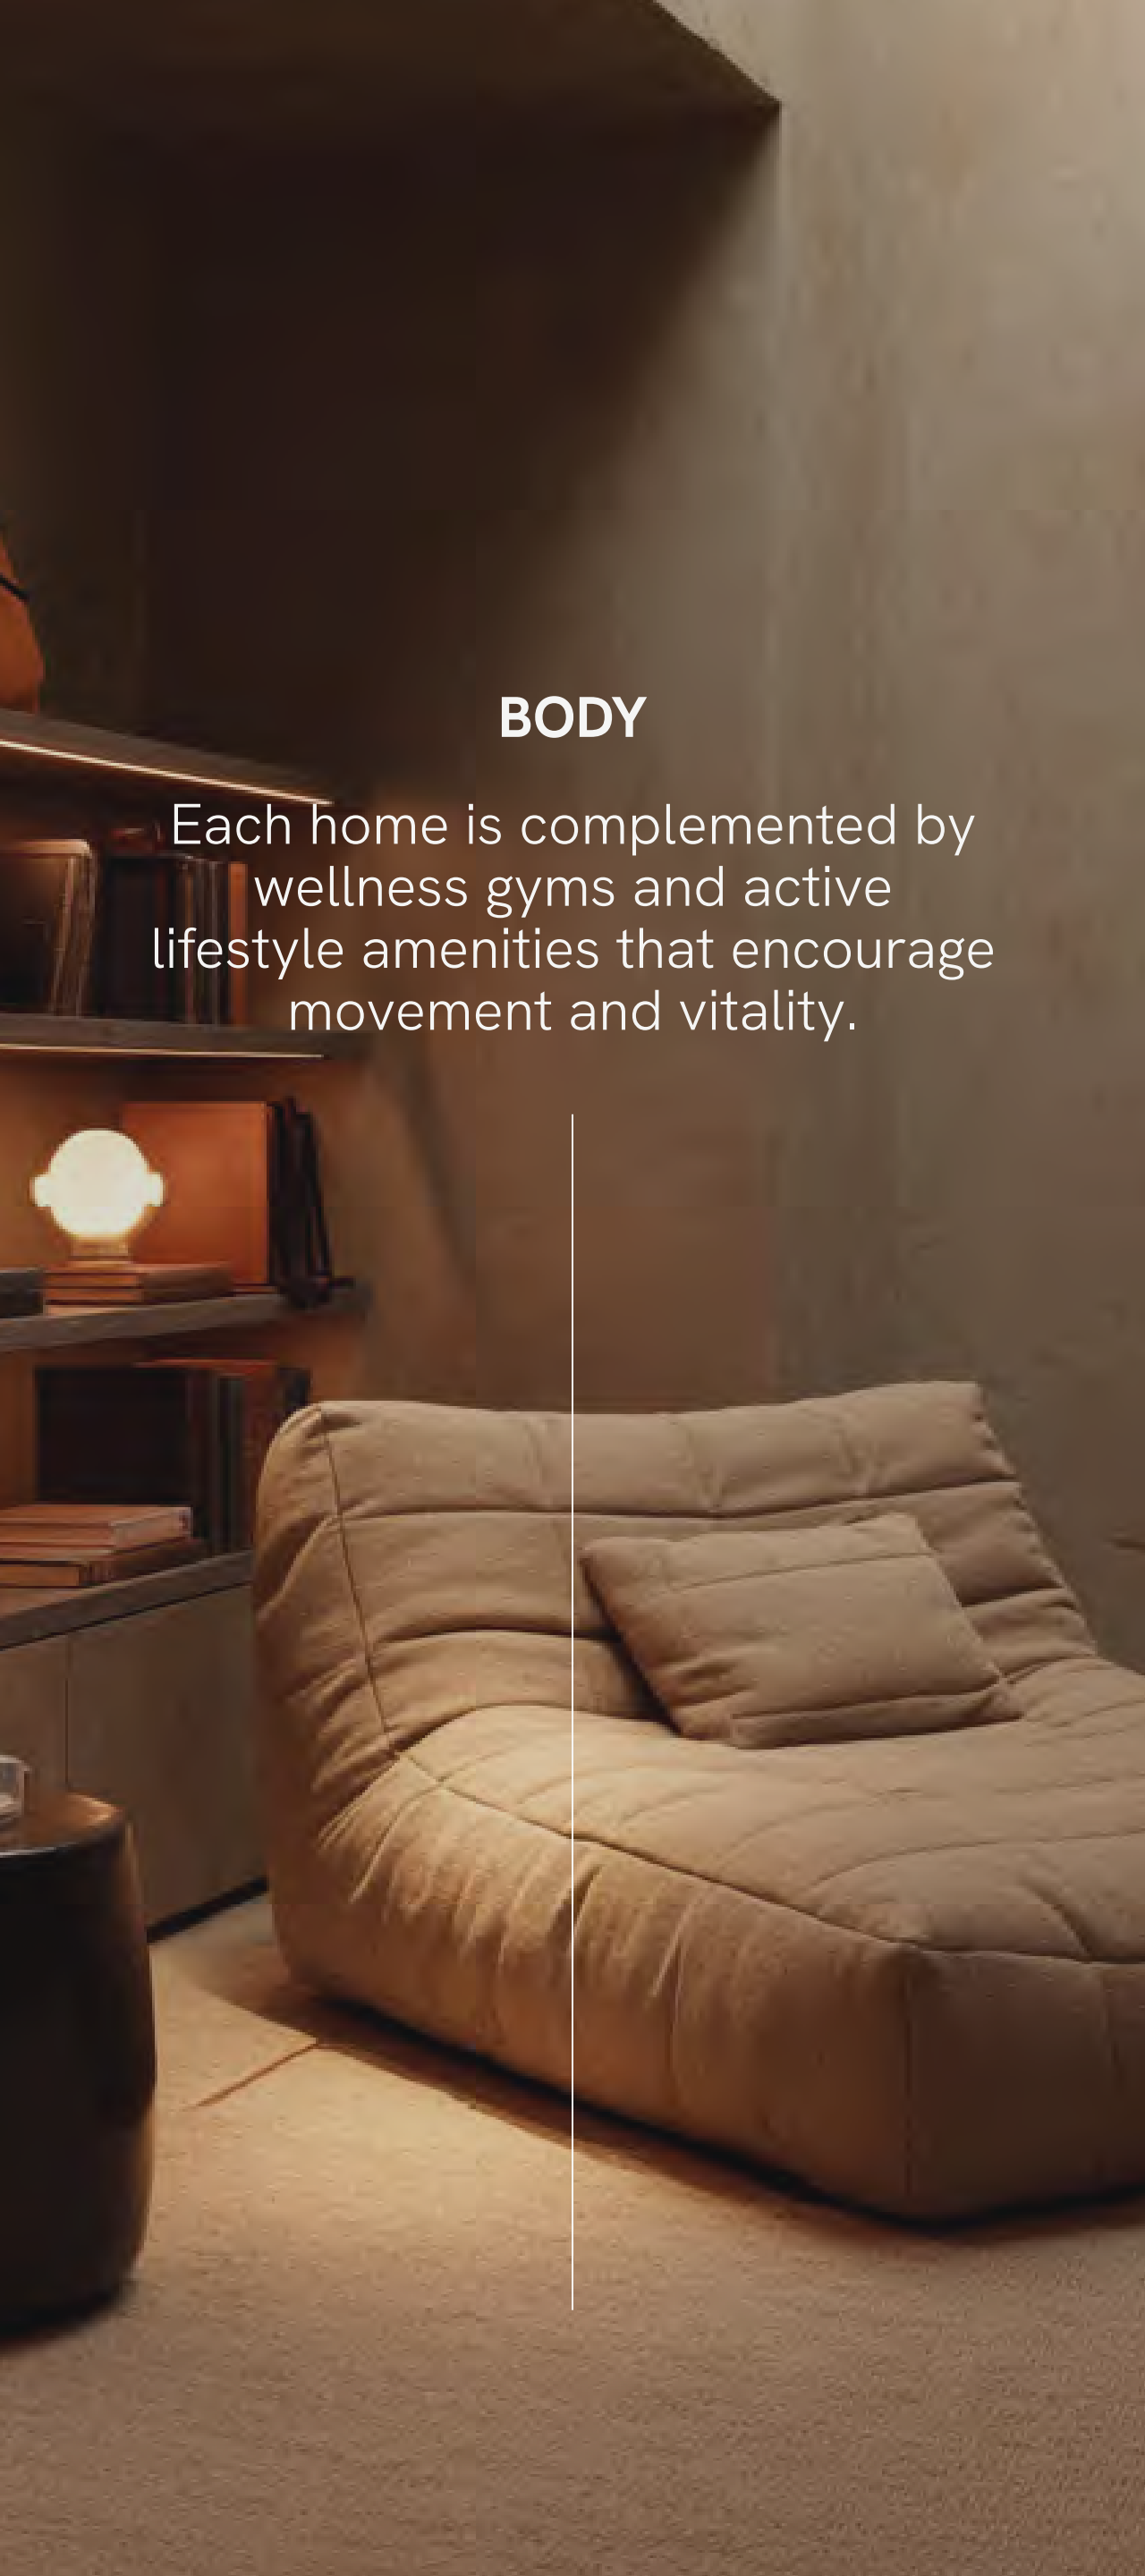

Our approach embraces neuro-architecture, a science that shows how the spaces around us shape the way we feel, think, and connect. By applying these principles, we create an environment that supports your wellbeing without demanding your attention.

Natural light fills each room, softening edges and lifting spirits. Materials are chosen for their calming textures and ability to ground you. The dimensions of rooms flow intuitively, making movement feel easy and natural. Light and shadow play gently across surfaces throughout the day, offering subtle moments of peace and beauty.

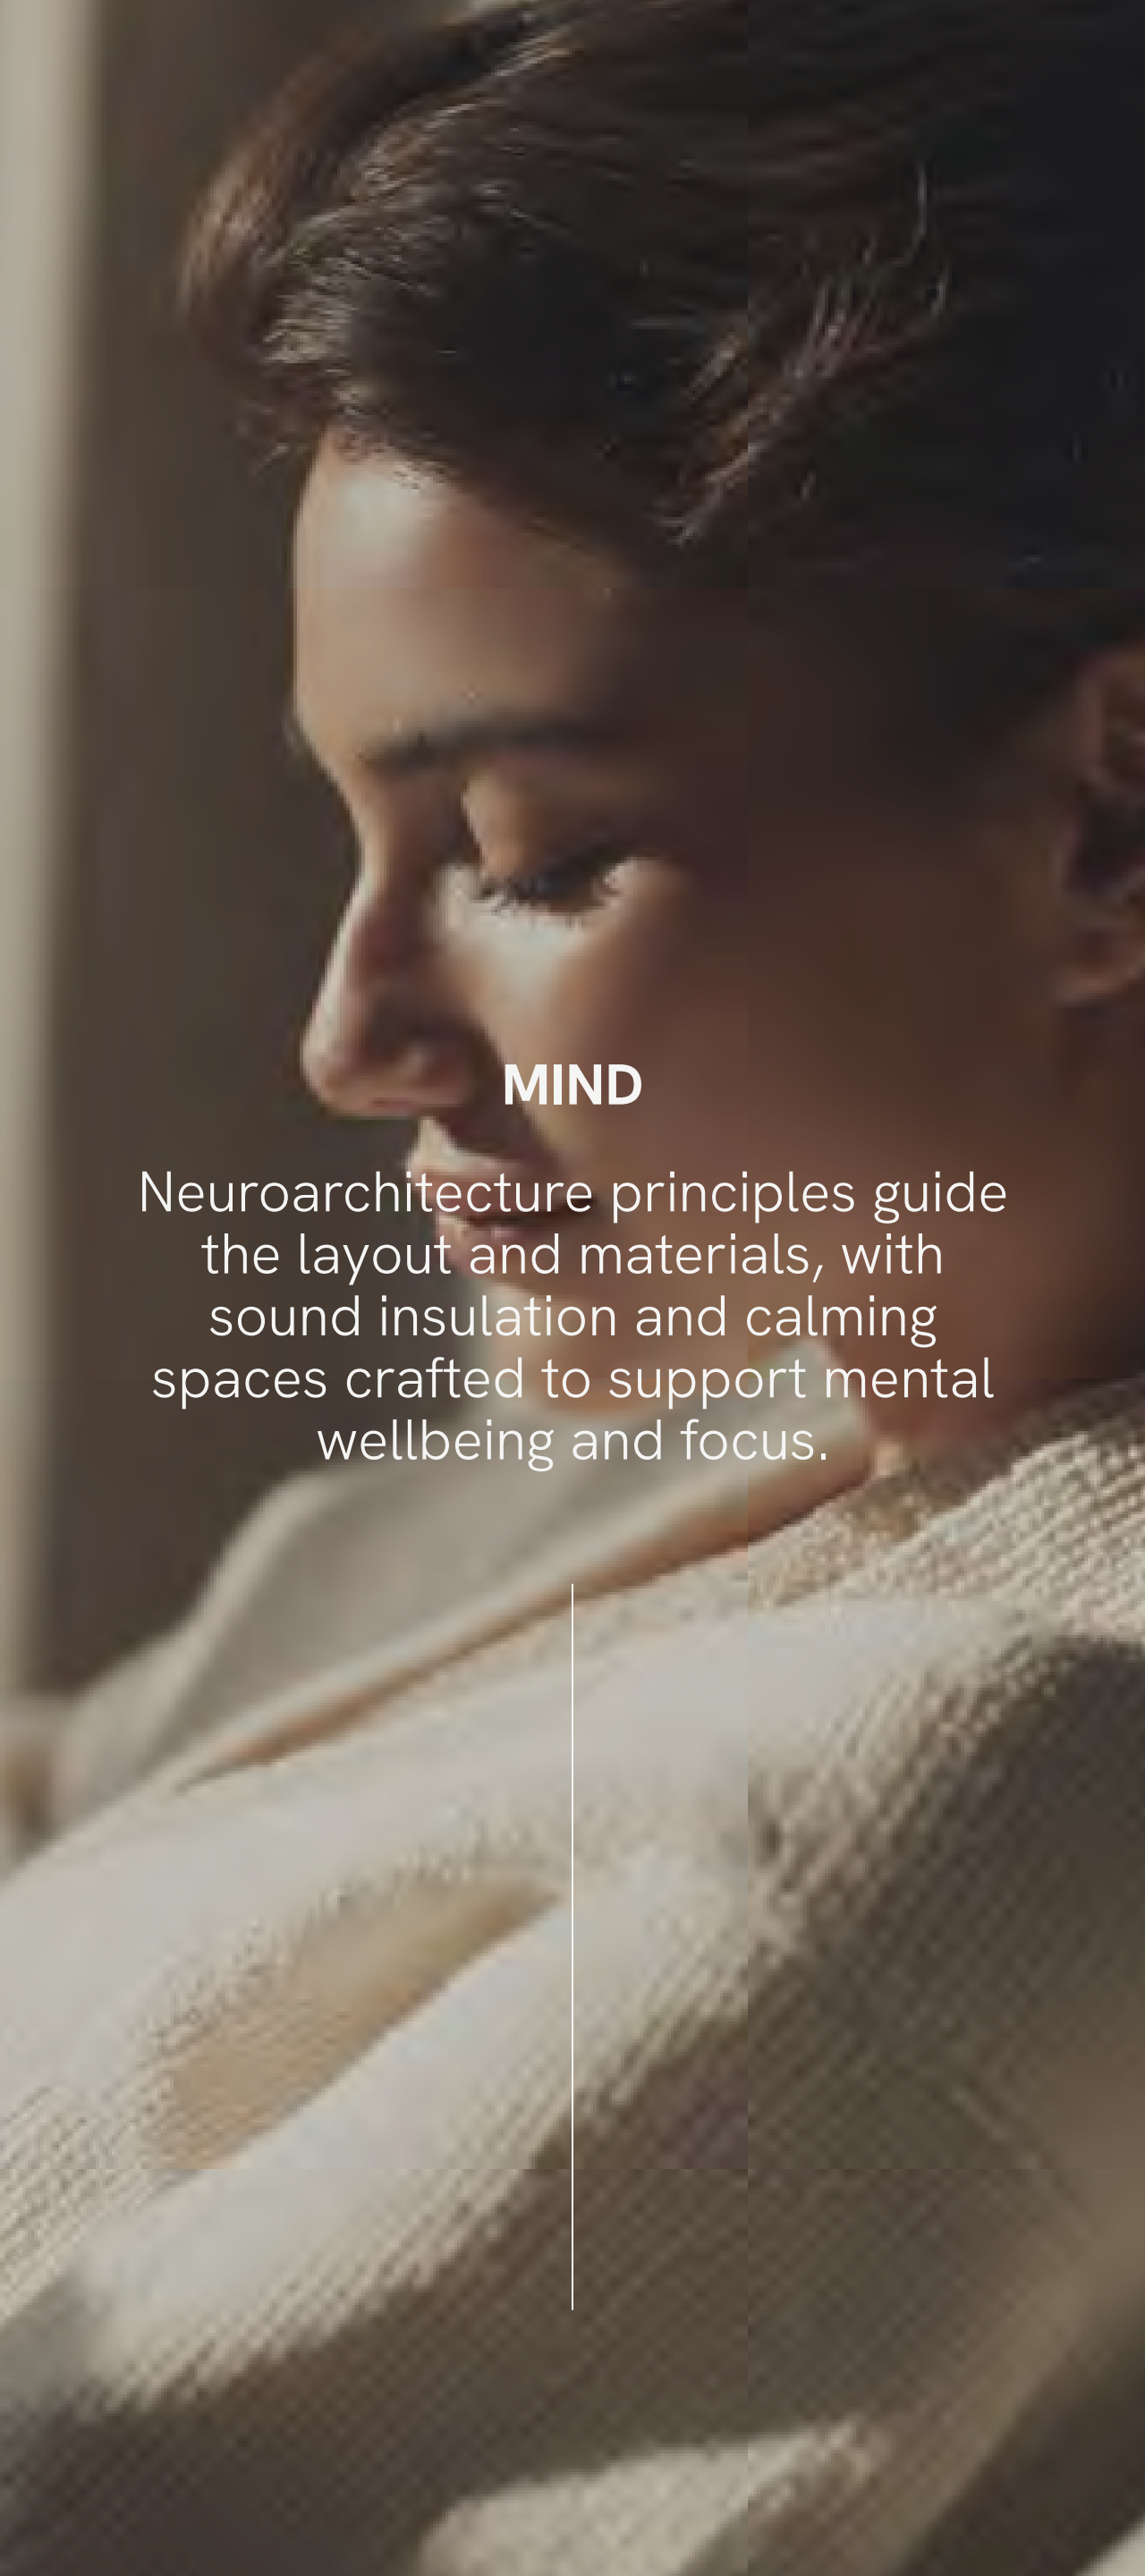

This attention to detail is about more than appearances.
It creates a home that supports restful sleep, clear
thinking, and meaningful connection. It gives you space to
pause and breathe amid your busy life.
The design works alongside you, making routines feel
effortless. Your downtime becomes truly restorative.

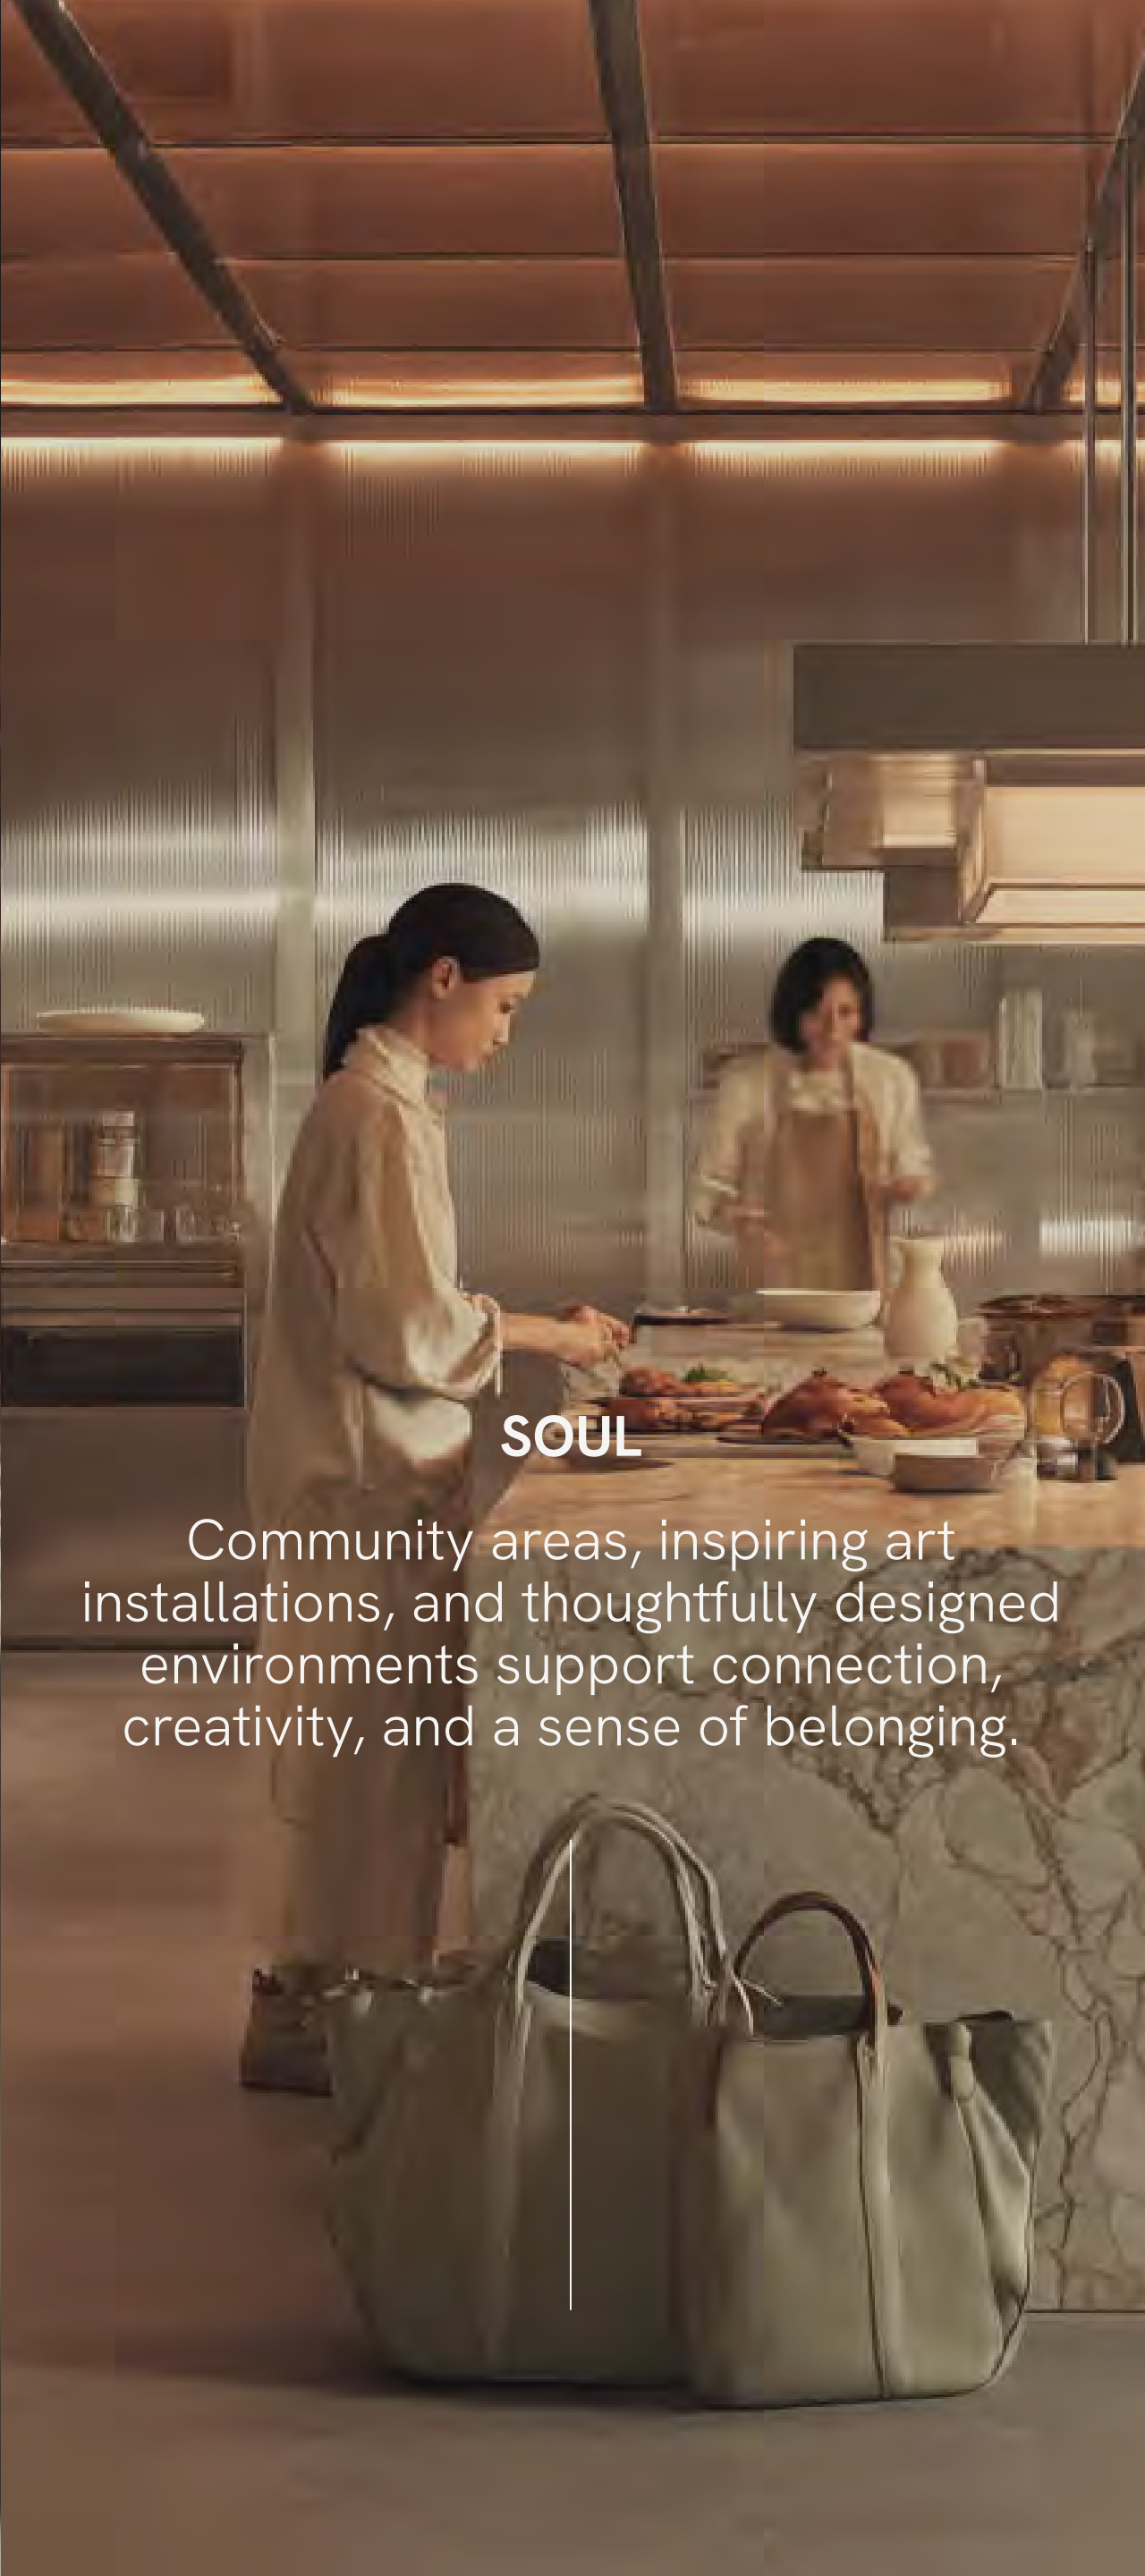

BODY

Each home is complemented by wellness gyms and active lifestyle amenities that encourage movement and vitality.

MIND

Neuroarchitecture principles guide the layout and materials, with sound insulation and calming spaces crafted to support mental wellbeing and focus.

SOUL

Community areas, inspiring art installations, and thoughtfully designed environments support connection, creativity, and a sense of belonging.

FINANCIAL

An investment that flourishes, offering not only lifestyle but lasting value.

JAD 288

More than a residence, JAD 288 offers a place where you can grow, recharge, and find a deep sense of belonging. Here, wellness is the foundation for everything. This is a home created to help you thrive both body and mind.

CITY ENERGY MEETS CALM COMMUNITY

Conveniently located in Jumeirah Garden City, JAD 288 is perfectly placed to connect you with the best Dubai has to offer. Nestled just off Sheikh Zayed Road, residents benefit from quick and easy access to key destinations across the city.

JAD GLOBAL

FROM THE INSIDE OUT

JAD 288 embraces minimalist design infused with natural warmth and calm, creating spaces that feel modern and welcoming. The architecture balances clean, elegant lines with textural richness, blending timeless style with everyday comfort. The façades are carefully crafted to play with light and shadow throughout the day, enhancing the peacefulness of the interiors.

Inside each apartment, floor-to-ceiling windows flood rooms with natural daylight, framing views of lush gardens and the city beyond. The interiors feature soft, neutral tones and natural materials, creating a soothing atmosphere that encourages relaxation and refreshes the senses.

Layouts prioritize flexibility and intuitive flow, thoughtfully zoning spaces to support living, working, and unwinding. High ceilings add a sense of openness, while acoustic glass minimizes outside noise, creating a serene retreat from the city's bustle. Advanced filtered air and water systems maintain freshness and wellbeing, ensuring your home feels clean and comfortable at every moment.

Every detail in the architecture and interiors is chosen to support a lifestyle of ease and balance, turning each apartment into a personal sanctuary that truly feels like home.

DETAILS THAT MAKE THE DIFFERENCE

At JAD 288, the commitment to quality shows in every detail. From the warmth of natural materials to the seamless finish of cabinetry, craftsmanship shapes every home. We have chosen materials and finishes that feel both luxurious and approachable, built to last and age beautifully. Every surface, fixture, and fitting contributes to a home where function meets elegance.

LIGHT INSPIRED DESIGN

- Circadian Interior lighting aligned with circadian rhythms to support natural body cycles
- Indirect illumination to create balance and visual comfort
- Maximized natural light to energize interiors and promote wellbeing
- Thoughtful night-time lighting to maintain calm and relaxation

ACOUSTIC & PRIVACY DESIGN

- Acoustic window and door systems are designed to reduce external noise, ensuring a calmer, quieter home environment.
- Strategic space planning ensures that windows and balconies do not directly face neighbors, protecting visual privacy.
- Layered façade solutions, screening, and landscape buffers to ensure residents can live comfortably without being overlooked.
- Acoustic studies were conducted early in the design phase to minimize sound transfer between apartments and common areas.

LIVE IN STYLE. STAY IN SHAPE.

- Fully furnished apartments with thoughtfully selected furniture and finishes
- Every unit comes with its own compact smart home gym, making it easy to stay active without leaving home.
- Signature design touches that create a cohesive lifestyle experience.
- Furniture is carefully designed and integrated into each space, complementing the architecture and enhancing the overall layout and flow.
